

**ADMINISTRATION BUILDING**  
BUILDING 1

*The “Administration” Building, which once served as the VA Center’s main office, will be converted into single-room occupancy units, which will provide housing for 14 veterans and their families who are homeless or at risk of becoming homeless. Adjacent areas will be renovated into common kitchen, dining, community and living rooms.*

*The historic post office on the first floor will be reused as supportive program offices. Community and activity areas for supportive services will be housed on the building’s ground level.*

**Building 1 renovations are expected to be completed by April 2020.**

**OLD MAIN**  
BUILDING 2

*The most iconic building at the Soldiers Home - “Old Main” - was a domiciliary for patient living and care.*

*Under the current proposal, it would again become a home for veterans as it is renovated into 72 one-bedroom and eight two-bedroom apartment units.*

*The building will also house community amenities, including large community spaces, resource centers, a fitness area, and offices for building management, home healthcare and counseling.*

**Building 2 renovations are expected to be complete by March 2020.**

**DUPLEXES**  
BUILDINGS 14, 18, 19, 62

*Several duplexes on the grounds will also be restored for use as veteran housing, including the former Catholic Chaplain’s Quarters (Building 14) and three private homes that formerly housed Soldiers Home staff and their families (Buildings 18, 19, 62).*

*The Catholic Chaplain’s Quarters will remain a single-family home, with the remaining buildings to be restored as duplexes with two-story, three-bedroom units on each side.*

**Duplex renovations are expected to be completed by April 2020.**
